K-5 DRESS CODE – REVISED 3/17/2010

Studies have shown schools that implement a strict dress code policy produce students who focus better on important tasks and goals of learning and less on visual appearance. We believe this results in fewer distractions and a higher caliber of students. Students who dress according to strict policy also conduct themselves in a more dignified manner, which serves to facilitate our lessons and develop etiquette skills.

FINE ARTS ASSEMBLIES

Visual presentation is often a significant part of any fine arts/cultural program. At Holly Academy we find that having our students dress in a coordinated manner creates a pleasing visual effect. The desired effect may change with each performance. Therefore, students will be informed of the dress requirements for each performance prior to the performance date.

Please keep in mind that these are guidelines. Holly Academy Administration has the final say regarding what is approved or unapproved.

All adult employees of Holly Academy are responsible for monitoring dress code.
