Management and the Board of Directors
Holly Academy
Flint, Michigan

We have completed our audit of the financial statements of Holly Academy as of and for the year ended June 30, 2011 and have issued our report dated September 24, 2011. We are required to communicate certain matters to you in accordance with auditing standards generally accepted in the United States of America that are related to internal control and the audit. The appendices to this letter set forth those communications as follows:

I Auditors' Communication of Significant Matters with Those Charged with Governance

We discussed these matters with various personnel in the organization during the audit. We would also be pleased to meet with you to discuss these matters at your convenience.

These communications are intended solely for the information and use of management, the Board of Directors, and others within the organization, and are not intended to be and should not be used by anyone other than those specified parties.

Yeo & Yeo, P.C.

Appendix I
Auditors' Communication of Significant Matters with Those Charged with Governance

Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, and *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 27, 2011. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies are described in Note 1 of the financial statements. The District has adopted Government Accounting Standards Board Statement No. 54 effective July 1, 2010. The new standard changes fund balance classifications to depict the relative strength of the spending constraints and clarifies the definitions of various governmental fund types. The standard includes a new definition of special revenue funds, and athletic funds no longer meet that definition. As a result, balances and activities previously reported under the athletic fund are combined with the general fund. We noted no transactions entered into by the organization during the year where there is lack of authoritative guidance or consensus. All significant transactions have been recognized in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There were no significant estimates in the financial statements.

Disclosures in the financial statements are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require that the auditor accumulate all known and likely misstatements identified during the audit, other than those the auditor believes to be trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures that were more than trivial.

In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditors' report. We had no disagreements with management during the audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated as of the date of the audit report.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Reports

Other information that is required to be reported to you is included in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards, Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133, and the Schedule of Findings and Questioned Costs. Please read all information included in that those reports to ensure you are aware of relevant information.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
